

Hugi Hub

The Hugi Hub offers opportunities for children to experience and explore different ways of thinking, constructing, negotiating, problem solving, engineering, creating and developing. All in an environment that focuses on experiencing thoughts and feeling.

Somewhere that children can truly be themselves through expression and mindfulness, promoting good mental health and wellbeing.

"I love it here, I call it the cuddle hub".
Noah Age 4

The Hugi Hub team will support children and their families, in partnership with others to 'curiously' explore with 'wonder' to realise their full potential, particularly children who require that little bit more support! Or who may be at risk of exclusion

At the 'Hugi Hub' we draw inspiration from the 'Hygge' lifestyle approach from Denmark. 'Hygge' is all about atmosphere, environment, cosiness, love, friends, happiness and curious exploration
'in the moment'
